

## 2015-2016 Renal Grand Round Schedule

Date	Location	Topic	Speaker/Organizer
September 1	VA	Novel Insights for Diabetic Kidney Disease using Metabolomics	Dr. Kumar Sharma
September 8	HC	Understanding chronic kidney transplant rejection and what to do about it	Dr. Robert Steiner
September 15	VA	Renal Handling of Drugs, Metabolites and Uremic Toxins	Dr. Sanjay Nigam
September 22	MET/Campus	Renal Pathology Conference with UCLA - Video Conferencing	
September 29	HC	The Back - Up Agenda	Dr. Scott Mullaney
October 6	VA	"Three different types of autoimmunity cause glomerulonephritic diseases"	Dr. David Ward
October 13	HC	"Clot Busting Molecules, Sodium Homeostasis, and Motherhood"	Dr. Robert Parmer
October 20	VA	"Catestatin regulation of hepatic insulin sensitivity in diet-induced obese mice"	Dr. Sushil Mahata
October 27	HC	"Is HDL good or bad in CKD and ESRD patients?"	Dr. Hamid Moradi
November 3	VA	"Diabetes Increases Risk of Kidney Cancer: New evidence from animal models and clinical data"	Samy Habib, MS, PhD
November 10	VA	Transplant Transitions-Management of the failing and failed kidney transplant	Dr. Mita Shah
November 17	HC	Pathways of Renal Recovery or Progression in AKI	Dr. Ravindra Mehta
November 24	VA	Modern Renal Blood Flow: A Legacy of the French Enlightenment	Dr. Scott Thomson
December 1	HC	"The Cost Curve Meets the Bell Curve -- Moral Hazards of Pay for Performance in Hypertension and ESRD"	Dr. Dena Rifkin
December 8	VA	"SGLT2 Inhibitors"	Dr. Volker Vallon
December 15	MET/Campus	Renal Pathology Conference with UCLA - Video Conferencing	
December 22	HC	Transplanting the Elderly Patient	Dr. Dianne McKay
December 29	VA	State of the Fellowship	Dr. Cynthia Miralce
January 5	HC	Reverse Epidemiology in Dialysis	Dr. Danuta Trzebinska
January 12	VA	"Semiprecious stones and external potassium balance: hope and hype about patiomer"	Dr. Carolyn Kelly
January 19	HC	Kidney Stress Testing in AKI	Dr. Lakhmir Chawla
January 26	VA	Optimal timing of antihypertensive treatment in CKD	Dr. Francis Gabbai
February 2	HC	Drugs of Abuse and the Kidney	Dr. Amber Sanchez
February 9		<b>Divisional Meeting</b>	
February 16		<b>Cancelled due to CRRT</b>	
February 23	VA	"Association between interventions delivered during CKD and outcomes after ESRD"	Dr. Elaine Ku
March 1	HC	RRT Initiation for AKI	Dr. Etienne Macedo
March 8	VA	Interstitial nephritis: the dark side of the bean	Robyn Cunard
March 15	HC	"Clinical Decision Support for Renal Dosing"	Dr. Linda Awdishu
March 22	MET/Campus	Renal Pathology Conference with UCLA - Video Conferencing	
March 29	VA	Hypertension in patients with Chronic Kidney Disease - An Update	Dr. Mahboob Rahman
April 5	HC	"Palliative Care in ESRD"	Dr. Kira Skavinski
April 12	VA	Host immune activation and injury as the cause of Interstitial Fibrosis and Tubular Atrophy in Kidney Transplants	Dr. Brian Modena
April 19	HC	What happens after AKI?	Dr. Dinna Cruz
April 26	VA	Diet and CKD Progression	Dr. Tom Beben
May 3	HC	MENDE Lecture - VA NEPHRON D: lessons learned	Dr. Linda Fried
May 10	VA	Physiological reactions to imbalance in chromogranin A gene dosage	Dr. Sucheta Vaigankar
May 17	HC	"Just because we can...? Difficult Decisions on the Inpatient Nephrology Service"	Dr. Bethany Karl
May 24	VA	"Metabolic dysregulation in CKD: from the target to clinical trials"	Dr. Jeremy Duffield
May 31	HC	Associations of Serum Calcitriol Concentrations with Kidney Function Decline, Heart Failure and Mortality: The Health, Aging and Body Composition Study	Umut Selamet, MD
		Role for targeted therapy in microvascular disease	Dan Dean, DO
June 7	VA	"Lung-Kidney Crosstalk"	Mark Hepokoski, MD
		ABC's of the ICU: Airway, Breathing and...CRRT?"	Christie Izutsu, MD
June 14	HC	<b>Divisional Meeting</b>	
June 21	MET/Campus	Renal Pathology Conference with UCLA - Video Conferencing	
June 28	HC		Dr. Nguyen/Dr. Novikov
